

SURF LIFE SAVING
CANTERBURY

2009 / 2010 IRB Series

Event #1 New Brighton SLSC

9:00am Saturday 28th November

Results

A typical carnival day greeted competitors with the temperature in single digits the surf sloppy and the rain coming in sideways. Still a hearty 15 crews braved the conditions with numbers up on last year giving an indication that this season's IRB racing is going to be very competitive.

Sumner's Premier crew of Simon Williams and Blair Quane showed their experience by cleaning up their races except for a slip up in the finish of the Tube Rescue.

The u21 crews were fiercely competitive with George Thomas and Finn Brown from Taylors Mistake showing some form with 3 wins while Sumner's Henry Lawson and Luke Keats picked up a couple of wins.

With indications that there were going to be a number of female crews in Canterbury this season only 2 showed up to take the early development steps necessary for good results later in the season.
