

## Taylor's Mistake Surf Life Saving Club

### NEWSLETTER Spring 2016

#### Upcoming season update from Club Captain:

Hi All,

I know the season is not far away when we have boards needing to be repaired scattered through our garage for Craig to sort out and the club trailer up the drive for me to take various pieces of equipment to repairers.

The number of emails coming in is ramping up so please read these as they are important for the coming season. Get into the pool or on the water already, as this will help with your preseason training. Boot camp is starting up in the first week of October. More information to come as we are formulating a training calendar-thanks for this Stu Murray- and also an overview of the clubs dates will be coming. All this will be able to be found on the website so any questions go there otherwise direct to myself or Lydia. Some of you may not be aware, we have employed Lydia O'Loughlin in the Club Administrator position and she will be the point of contact for any questions. She has been on board for a few months now and doing a fantastic job. Thanks Lydia.

Funding has been very successful over the winter months for this coming season with plenty of new gear being able to be purchased. To date we have 5 full carbon 10'6" boards arriving mid October along with 2 standard carbon rails 10'6". This will mean we have 10 new boards for the coming season with the 3 that were purchased at the end of last season whilst at the nationals. There has also been 26 Body boards obtained for the junior area, 2 skis- a double and a single on their way from Aussie. More applications are pending for another single ski, another at least 10 x 6'6" foamie boards for the junior area as there has been a change in type of board needing to be used by our U9&U8 athletes as per policy of SLSNZ, another 2 x 10"6" standard boards. Fingers crossed we will get some of these applications granted. There is also a new rescue board arriving and paddles for the skis of various sizes. I hope this will keep everyone in gear which will be allocated at a date yet to be set.

As the club is not able to be accessed anymore we will be gearing up for the season with the new portacom set up. This will be fun and a new chapter for the club. This will mean we need some additional assistance from members to get this finalised with all hands on deck-so to speak-in the next few months. Lots happening and lots of information to come. Any questions as I have said please contact myself or Lydia, check out the webpage or our Facebook site.

See you on the beach,

Tisha

We are currently in the process of organising temporary facilities which will include Patrol and First Aid areas that we envisage will be operating by November this year.</p> <p>At this stage, we have all the consents and the lease has just been approved so hopefully three portacoms will be in place before Labour Weekend and two containers for boards as well.</p>	<p>Our thoughts are with the Hunter Family, after the passing of Errol Hunter - Wednesday 31st August 2016. The bay won't be the same without his watchful eye, sense of humor and friendly wave from Bach 57!!</p>
